

PICS MAT HIRE PRICING

2024 - 2025

About PICS Mat Hire

Since we first launched this service over 15 years ago, Mat Hire has become an increasingly popular feature with contractors. During the summer months we will often have more than 100 sets out on hire at any one time.

If you have more than 1 set of mats out on hire at any one time, you only pay the additional week's hire on each additional set of mats.

Should you require any set of mats for longer than 1 week, you will get the 2nd week onwards for the additional week's hire charge.

Collection of Hire Mats can be arranged on your behalf but you will be charged for the related haulage costs, as shown above. Mats can be returned to either our Newbury, Manchester or Sheffield depots.

Prices

MAT HIRE is charged per set per week, (a set consists of 6 rigid mats and 1 flex mat.) The week is calculated as follows - 7 calendar days from (and including) the day the mats are collected or delivered.
